STATE OF NEW HAMPSHIRE.

*To the inhabitants of the Town of Wilton, in the County of Hillsborough, in said state, qualified to vote in Town Affairs.*

You are hereby notified to meet at the Town Hall, in said Wilton, on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects :

1st—To choose all necessary Town Officers for the year ensuing.

2nd—To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3rd—To hear the reports of the selectmen, treasurer and other town officers and pass any vote relative thereto.

4th—To see what sum of money the town will vote to raise and appropriate together with the free use of the town hall on Memorial Day and evening for the observance of Memorial Day, 1897.

5th—To see if the town will vote to put in three electric lights on Kennedy Hill, and raise and appropriate money for the same.

6th—To see if the town will vote to put in one electric light near M. J. Herlihy's and raise and appropriate money for the same.

7th—To see if the town will vote to build a sidewalk from the N. D. Foster place to the old school house owned by Joel Perham and raise and appropriate money for the same.

8th— To see if the town will vote to build a sidewalk from

C. H. Burns to a point near Geo. E. Hartwell's, and raise and appropriate money for the same.

9th—To see if the town will vote to build a sidewalk from James L. Hardy's to a point near the S. E. Foster house and raise and appropriate money for the same.

10th—To see if the town will vote to rebuild the wall between S. B. Center's stable and Bates & Putnam's shop and raise and appropriate money for the same.

11th—To see if the town will vote to purchase a snow roller and raise and appropriate money for the same.

12th—To see if the town will grant the free use of the town hall to the W. C. T. U for three public temperance meetings.

13th—To see if the town will grant the free use of the town hall one evening to the high school graduating class.

14th—To see if the town will vote to rigorously enforce the liquor law.

15th—To see what action the town will take in regard to changing the water course on Kennedy Hill or take any other vote relative thereto.

16th—To see if the town will vote to purchase a road machine and raise and appropriate money for the same.

17th—To see if the town will vote to assist Wm H. Hopkins to prevent the water from injuring his buildings and flooding his premises.

18th—To see if the town will vote to accept the first story of the new Masonic building for the use of the public library, in accordance with a proposition of the Hon D. A. Gregg to furnish the same in a manner suitable for that purpose, or consider any other proposition or act thereon.

19th—To see what action the town will take regarding building resevoirs for fire purposes, one near Mrs. John Sullivan's and one for the protection of the new school building, or act thereon.

20th—To see what sum of money the town will raise and ap-

propriate for the repair of the sidewalk from M. P. Stanton's store to Milford line or act thereon.

21st—To see if the town will vote to lay a cement pipe of suitable dimensions to take the water and sewerage, commencing at a point near Mrs. Abiel Livermore's house, going east to Prince street, thence down said street to the brook near John McKay's house, and make appropriation for the same.

22nd—To see what action the town will take relative to building sidewalks, requiring abutters to bear a certain part of the expense.

23rd—To transact any other business that may legally come before said meeting.

Given under our hands and seal this twentieth day of February in the year of our Lord eighteen hundred and ninety-seven.

The selectmen have served notice, agreeably to vote of town, upon all persons who have covered the Hopkins Brook to remove all obstructions if any interfere with the free passage of the water or be held responsible by the town for damages resulting therefrom.

We would also call your attention to money paid out on account of Mrs. Amanda Duvall, which amount will be paid back to the town upon the sale of the Duvall property. The town also hold a Wilton Savings Bank book made over to them by

John McCarty, the face value of which has paid his support until about Dec. 10, 1896.

Respectfully submitted,

STARR B. CENTER,	}	Selectmen of Wilton.
GEO. M. HARTSHORN,		
GEO. G. TOLFORD,		

We have examined the foregoing accounts and find them correctly cast and properly vouched.

A. A. RAMSEY,	}	Auditors.

## Engineers' Report Fire Department.

---

Engineers Report Fire Department for the year ending Feb 19th, 1897.

Feb. 18th, 1896. Fire in the dwelling house of John Merrill, caused by chimney burning out. Loss \$1,500. Insured \$1,300.

April 11th. Still alarm, incendiary, fire on "Joe" Albee's farm several acres burned over. Loss 1 coat, 1 pair of gloves, valued only for the good they had done.

June 22nd. Fire in Hillsboro' mills, Pine Valley, cause spontaneous combustion. Put out by automatic sprinkler.

June 30. Fire on the land of Charles Melendy, 500 or 600 cords of wood burned. Loss \$1,000 to \$1,200, accidental.

July 28. Accidental fire in house of Louis Defoe, occupied by Mrs. Quinn. Loss one bunch of matches.

Aug. 4th. False alarm, "defect in chimney" or in flue ; take your choice.

Jan. 13th. Fire in Wilton Bakery caused by oil stove getting "full." Damage \$15.00. No insurance paid.

But for the enterprise of private citizens in constructing resevoirs no water could have been had at the Merrill fire and more property would have been destroyed. We have looked the ground over for a water supply and find an abundance at the Stockwell brook and at the falls, and recommend an appropriation of \$200 for a survey.

JOHN GAGE, GEO. G. TOLFORD, M. P. STANTON,	}	Board of Engineers.

## BOARD OF EDUCATION.

---

The Board of Education present this report of their stewardship to the town of Wilton, for the school year of 1896-7.

At the annual meeting in March, 1896, D. E. Proctor was chosen a member of the Board for three years which was subsequently organized by the choice of Miss Martha A. Putnam as secretary, and D. E. Proctor as chairman and treasurer. On April 1, Mr. Harlow, who had served the town so acceptably for several years, having changed his residence, resigned, and Mr. H. L. Emerson was appointed to serve until the next annual meeting.

The work having been so well performed by our predecessors made it much easier for the incoming board than it otherwise would have been had the conditions been different.

At the best a position on the Board is no sinecure; whatever is done will be more or less criticised. It is right that it should be. But would it not be much better for our schools if it were done in a manner to build up and improve rather than tear down and destroy? Neither the Board, nor the teachers, claim to have arrived at perfection, but rather far from it, as they contemplate how little any one knows compared with what there is to be learned

as to the best methods of instruction. . What were considered only a few years ago as the best is now being fast relegated to oblivion.

The greatest minds, men who have given their lives to the study of the best methods are not agreed, and consider it the greatest problem of the ages to come as it has been in the ages past, how best to instruct the young so that they may be the most fully equipped to attain the greatest results from their talents in life; this being so it can hardly be expected that a man can be taken from his treadmill of life, placed upon the Board and be suddenly endowed with the wisdom of the ages, and so it seems that it would be good policy for us to adopt the law passed by our N. H. legislature, March 19, 1895, allowing a superintendent of schools for several towns, grouped together for that purpose, and to be paid a salary sufficient to secure an able man who could give his whole time, talents, and energies to the work.

We feel that all our teachers have endeavored to do their duty carefully and conscientiously, and having given years of hard and patient study to prepare themselves for their work are certainly entitled to our cordial support and encouragement. Results may not be apparent now, teachers may think their work is in vain, but in the years to come some idea may have been planted that will be of incalculable benefit to the man who may date his first inspiration from the word fitly spoken in the little country school.

The teachers' harvest is in the beyond, so let your criticisms be friendly; if you have a suggestion to make, they

will thankfully receive it, if a correction to make none will be more ready to consider it. What we need is co-operation. Parents and teachers all working together for the best interest of our children, to build them up, inspire in them the principles of true manhood and pure womanhood. There is no calling fraught with higher responsibilities than that of the teacher, and to assist her to do her work the best she should have the earnest support and sympathy of every parent.

The school buildings outside the village will be in very fair condition after having some needed repairs, such as shingling, paint, and paper. New desks have been put in the Kimball school, and enough to complete the outfit in the new school house. A book cupboard has been put in the book room and also one into the laboratory for the safe keeping of the apparatus.

We have also placed three chemical fire extinguishers one on each floor.

By an entertainment \$95.37 was raised for the purchase of a piano for the use of the schools, and one was bought for \$106, leaving a balance of \$10.63 which we feel justified, in view of the benefits received, in charging to the expense account of the district. The heating of the building seems to be a decided success, for in the coldest days the rooms were well warmed, when schools in Nashua were dismissed because they could not be heated so as to be comfortable for the scholars.

In accordance with the vote of the district the old school houses in former districts Nos. 4 and 10 were sold at auction April 25, 1896, and the proceeds paid to the town treasurer with the exception of \$116.99, being an

account left over from the building of the new school house, and which should have been included in its construction account.

The selectmen had no appropriation to pay it. The Board felt that it ought not to be paid out of the school appropriation and as a compromise it was decided by the selectmen and the Board that so much of the old house should be put into the new building as would pay the balance due upon these desks. We trust this disposition of the case will meet with your approbation.

Mr. L. H. Blood was employed to take the census of the children of school age. He reported boys, 129; girls, 148. Total 277. While the teachers' registers show a total of 303, which is accounted for in part that twenty of the latter are over the school age. We do not guarantee the perfect accuracy of the following table because several of the schools are now in session, and also from the fact that the school year for which the teachers' registers are prepared, begins at the fall term, while the financial school year begins in the spring, and it is also difficult to get an accurate average of each school for the year on account of the various changes from one school to another. We think however it will approximate very nearly to the facts.

Last year \$4,500, together with the literary fund was appropriated for our schools. While fully appreciating your liberality, we feel we ought to have \$5,000 with the literary fund for the ensuing year. Several years past in order to get through the year and make a fair showing, bills have been put over and paid from the new appropriation. Keep square seems to be a good motto.

The thanks of the teachers and the Board are extended to all who have given a helping hand by their assistance and presence at the entertainments and graduating exercises of our schools, and for the interest they have shown in the work of education.

We wish all parents could fully realize the full force of the reply of one of our little primary girls when her teacher asked, "How can we make our school room more pleasant?" "By asking our mothers to come in." So

visit your schools. Keep in close sympathy with both teachers and scholars. With your aid they must prosper, without it we leave for you to infer.

Respectfully submitted,

D. E. PROCTOR, CHAIRMAN.
